## Summary

---

B.Tech CSE student at Mody University with a solid foundation in C and C++. Proficient in writing efficient, structured code and solving algorithmic problems. Developed impactful projects by combining technical insight with practical needs. Curious, focused and driven to create meaningful solutions through programming.

## Education

---

**Mody University of Science and Technology**

2023 – 2027

B.Tech in Computer Science and Engineering (CGPA: 7.8)

## Technical Skills

---

**Languages:** C, C++, Java

**Databases:** SQL, ORACLE

**Tools:** Git, GitHub, Visual Studio Code, IntelliJ, Helpndoc, Lucidchart

**Concepts:** OOP, Web Development

## Projects

---

### One Stop Guide

Jan 2025 – Mar 2025

- Built a responsive web app to explore Indian cities with category filters like jobs, food, tourism, etc.
- Displayed dynamic, city-specific data using a backend-driven approach.
- Designed with a user-friendly interface for desktop and mobile users.

- **Technologies:** HTML, CSS, JavaScript, PHP, MySQL

### Women Safety Website

May 2025- June 2025

- Developed a website focused on women's safety and emergency support.
- Integrated features like emergency contact buttons, safety tips, and location-based alerts.
- Optimized for both mobile and desktop accessibility with clean UI design.
- **Technologies:** HTML, CSS, JavaScript

## Certifications

---

### Cisco Networking Academy

June 2025

- Completed Cybersecurity Essentials certification.
- Learned core principles of cybersecurity, network protection, risk management, and threat detection.

### Infosys Springboard

Mar 2024 – Apr 2024

- Completed certifications in C, C++ and Python through Infosys Springboard.
- Gained hands-on knowledge of OOP, data structures and algorithmic problem-solving.

## Co-Curricular

---

**Smart India Hackathon (SIH) 2024:** 1st Position – Worked on a real-world detection problem using full-stack development and AI.

**CodeQuest – Droid 7.0:** 1st Prize in coding competition in collaboration with GeeksforGeeks at Mody University.

## Extra-Curricular

---

**GDSC (Google Developer Student Clubs):** Participated in competitive programming contests at Mody University.

**Picturesque:** Created multimedia content and blogs for social campaigns at Mody University.

**Anahata (Dramatics Club):** Contributed to scriptwriting, acting, and stage direction at Mody University.

**Enginium (Hindi Team):** Wrote articles and poetry for the official Hindi magazine at Mody University.
